## INSERTING WINE GLASS INTO THE COZY COASTER SOCK

**LEFT PHOTO:** Wine glass base slides into Cozy Coaster "sock pocket." **RIGHT PHOTO:** Wine glass base fully inserted in Cozy Coaster "sock pocket" (the pocket covers only 2/3 of the glass base).

**IMPORTANT:** These are decorative Aloha fabric Cozy Coasters. They can add a formal or whimsical flair to any table setting. They are not intended to be left on the wine glass when the wine glass is used.

**HOW TO USE A COZY COASTER** - (1) Attach a Cozy Coaster to an empty wine glass base. (2) When ready to pour wine, remove the empty glass from the "sock pocket" first, and place the Cozy Coaster back on the table. (3) Pour the wine into the glass then place the glass of wine on the Cozy Coaster. (See illustration below). Note: Although some hosts may prefer to leave the Cozy Coaster attached to the wine glass, we do not recommend doing so.
